## **Complementary mandates & processes**

W.r.t. the ongoing activity No. 7 above (paragraph 12(d))

Decision 6/CMP.11, paragraph 8 ...explore opportunities for financing CDM projects, taking into account prudent management of the resources of the CDM.

## **Needs-based Finance Project**

Needs-based finance (NBF) project\* aims to facilitate the mobilization of climate finance to support the needs identified by developing countries regarding the implementation of priority mitigation and adaptation actions, in accordance with the goals outlined in their NDCs, national adaptation plans and other relevant policies or strategies.

Expertise, networks and convening power to assist in a country-driven process by:

#### COLABORATE

Collaborate to ensure that project design & workplans are tailored to the specific needs & priorities identified by each country

## **SUPPORT**

Support in organizing, synthesizing & analysing for the development of a national climate finance strategies, identification of relevant stakeholders, facilitate engagement, foster synergies, create opportunities for projects

## **ASSIST**

Assist in reaching out to key public & private financing institutions (domestic & international) to mobilize financing for the priority mitigation & adaptation projects & programmes identified by the partner countries

## **PROMOTE**

Promote linkages with relevant processes locally, regionally and international

#### **FACILITATE**

Facilitate the exchange of experiences & lessons learned and the dissemination of project information

## **Approach to the Needs-based Finance Project**

#### Phase I

**Initial engagement** 

Stakeholder mapping for each partner country

Development of engagement strategy

Coordination and collaboration with relevant processes and with external partners

#### Phase II

**Technical engagement** 

Support the enhancement and/or development of options and partners

Inter-agency and multistakeholder engagement at the country level

Organization of in-country technical workshops and project pipeline development

#### Phase III

Finance mobilization engagement

Facilitate the connection between support providers and countries, e.g. through conducting outreach activities (roundtables etc.)

Production of project pipelines, including countryspecific project materials

Presentation of projects, success stories & lessons at COPs, Climate Weeks and other high-level engagements

## **Impacts**

The work promotes use of the CDM by IFIs:

- ✓ contribute to pre-2020 climate action
- ✓ mitigation action that is verified, additional & internationally tracked
- ✓ contribute to the exploration other uses of the CDM

The work does not foresee any cost implications for third parties/stakeholders

# **Subsequent work and timelines**

All the activities initiated will continue through into 2019.....

## **Recommendations to the Board**

The secretariat recommends to the Board:

Take note of the progress of the support provided by the secretariat and in collaboration with the other sub-programmes in the secretariat and the Regional Collaboration Centres
